FIRST ALERT ABOUT US

Experience home comfort and control with the VisionPRO® 8000 WiFi Programmable Thermostat. Set a schedule for each day of the week and adjust it using our mobile app. This digital thermostat with app connectivity lets you control the system remotely and receive alerts for maintenance or extreme temperatures. The VisionPRO® 8000 WiFi thermostat can also control a whole-home humidifier, dehumidifier, or ventilator for fine-tuned comfort.

The large touchscreen display is easy to read and shows the status of all equipment controlled by the thermostat. It can also present your dealer information if you need to reach out for service or questions.

The ENERGY STAR® certified VisionPRO® 8000 WiFi Programmable thermostat is designed to help you save energy. Learn more about our Energy Savings Program.

Connectivity and control

The VisionPRO™ smart thermostat empowers you to remotely monitor and adjust your system, while also receiving email alerts. It provides real-time outdoor temperature and humidity readings. Additionally, the VisionPRO® 8000 WiFi Thermostat offers precise control over whole-home humidifiers, dehumidifiers, or ventilators, ensuring personalized comfort.

Adaptive intelligent recovery

Over time, the VisionPRO™ thermostat “learns” how long it takes your system to reach the temperature you want. It turns on the heating or cooling system earlier to make sure you’re comfortable at the time you expect.

Schedule for energy savings

Use the VisionPRO™ WiFi Thermostat, to set a temperature schedule for any day of the week. Set the same schedule each day, adjust it on weekends, or customize it by the day. Use vacation and holiday scheduling to help save energy while you’re away. [Learn more about our Monthly Home Energy Report.](#)
